District IRN # 047613

To whom it may concern:

Your child will have the opportunity to participate in a two day OSHA 10 training. Your child is being asked to attend this training as part of Ohio Prepared for Success. It is the goal of Whiteoak High School to have all graduating seniors 12 industry credentialing hours by graduation. Students will attend this training at no cost and will receive a training verification card. At Whiteoak, we strive to better our students and give them vital skills and preparation for the workplace.

What is OSHA 10 training?

This OSHA 10 Hour Safety course is intended to provide workers without supervisory responsibility, information about their rights, employer responsibilities, and how to file a complaint, as well as how to identify, abate, avoid, and prevent job-related hazards in the workplace. The training covers a variety of safety and health hazards a worker may encounter, emphasizing hazard identification, avoidance, control, and prevention, rather than OSHA standards. Through this training, OSHA helps ensure workers are more knowledgeable about workplace hazards and contribute to our nation's productivity.

If you have any further questions please contact Mr. Iles, Mrs. Flowers, or Mrs. Bach-Oliver.

Thank you,

Jason Iles
Whiteoak Principal
