

Bright Local Lunchroom Information – 2021-2022

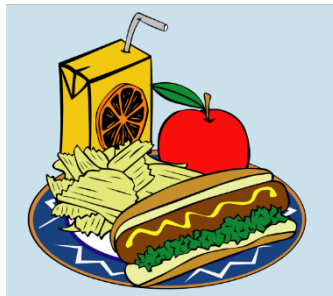

Bright Local Schools will participate in the Seamless Summer Option (SSO) during the 2021-2022 school year. **Under this option, all children who attend Bright Local Schools will receive a breakfast/lunch at no charge.** However, students will have to pay for ala carte items, which includes extra pizza, yogurt, chips, etc. Families may pay on accounts for these items two different ways. You may send a check or money with your child to apply to their account. Parents may send one check to apply to students' accounts even if the child attends a different school. Please specify child's name and amount for each. Parents also have the option to use www.payschoolscentral.com for online lunch account payments. Students may charge up to \$10.00 on their lunch accounts. Parents are notified by phone when their child reaches their \$10.00 limit. If we do not reach the parent by phone, a letter will be sent. The cafeteria can transfer money between siblings' accounts to cover a deficit.

Previous school year free and reduced status will be honored for the 21/22 school year! Please complete a free and reduced application **only** if you have no application on file or your status has changed to determine eligibility for various additional state and federal program benefits that your child/child's school may qualify for. This information will not impact Seamless Summer Meals in any way. If you have questions, please contact Debbie Robertson at 937-442-3114 or email at debbie.robertson@blsd.us

Only new students and current families that have had an income change below income guidelines (see chart below) need to complete a meal application for SY 21/22!
